Advance-Nilfisk Parts - Imagine how long and tedious it would be to tidy up right after a party, with out help from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the top cleaning products at the time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After establishing his company during 1906, he began to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the beginning was to have a worldwide business selling merchandise globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one person. This creation came in a time where various cleaning machines were very big and needed 4 or more operators, hence, the Nilfisk C1 transformed everything and evolved the way we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning machines offer a brilliant solution to an existing problem; stuff get dirty and should be cleaned on a regular basis, without too much effort.

Gradually, the business Nilfisk-Advance developed throughout the years. During the the early part of the nineteen eighties the business developed fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the industry, aiming to be an active international player in making professional cleaning machines. Nilfisk-Advance is now located in every part of the globe due to steadily obtaining lots of small companies so as to develop their product portfolio and presence in new markets. They are proud to present different cleaning solutions to suit each need.
